KITCHEN CABINETS

Today, a kitchen is a lot more than just a place for cooking. Explore our extensive range and find the right solutions for your lovely kitchen.

PR-01

Our collection of contemporary wood veneers includes popular domestic species like Cherry, Ash, Walnut and Maple. Each veneer is available in either horizontal or vertical grain directions and can be further enhanced with our sequential grain matching option.

PR-03

Laminate material has a clean, modern look that's ideal for modern Kitchen styles. To create it, a decorative melamine resin paper is thermally fused to a furniture board core material under heat and pressure, permanently

Solid wood cabinets are extremely durable and will last for years to come. If you love the look of the nature wood grains, we can get them custom made in any styles, shapes, features for you. If you like simple paint finish, all colors are available as well.

PR-02

As a cheap and quick way to update Kitchen cabinets, lacquer finishes are a great choice. Lacquer has various options in finishes such as matte to high gloss. it wipes clean easily and is a pleasure to touch.

PR-04

■ Lacquer finish kitchen cabinet

PR-05

Lacquers are all top contenders as choices for wood finishing. Deciding factors are based in part on user friendliness, dry time, durability, affordability and appearance. Lacquer, which has become one of the most widely used of all the products.

■ Modern Melamine kitchen design

Laminate material has a clean, modern look that's ideal for modern Kitchen styles. To create it, a decorative melamine resin paper is thermally fused to a furniture board core material under heat and pressure, permanently bonding the paper to the core material. The resulting smooth surface is durable and easy to clean.

■ Laminated finish kitchen cabinet

- Carcass: 16mm particle board/plywood with melamine finish
- Door: 18mm MDF/plywood with melamine finish
- Hardware: Blum soft close hinges and drawer slides
- Countertop: 20mm quartz stone with 20mm laminated edges

PR-12

- Carcass: 16mm plywood/particleboard with melamine finish
- Door: 18mm MDF/plywood with melamine finish
- Hardware: Blum soft close hinges and drawer slides
- Counter top: 20mm quartz stone with 60mm laminated edges

■ Melamine kitchen designs

PR-13

Melamine finishes are highly durable, extremely cost effective and an excellent surface to work on. We also make sure to use a moisture-resistant substrate board which adds to the durability of the surface.

■ Timber veneer finish kitchen cabinet

ISLAND LIFE

There's nothing better than a big island, if you have the room, and accenting it with decorative detailing makes it as pretty as it is practical. Plus, it allows others to share in the cooking.
